

OFFICE OF LEGISLATIVE COUNSEL

CIA INTERNAL USE ONLY

Snodgrass went on to say that Representative Robert Giaimo has expressed an interest in meeting with our people in the field during the trip which a number of House members (including some members of the Defense Appropriations Subcommittee) will be making to the Far East during the recess. I told Snodgrass this would create a handling problem for our people in the field but I thought it would be useful if such contact could be arranged and I would see to it that a cable went out instructing our COS's to be responsive to requests from Giaimo for private briefings without giving other members of the delegation the impression that Giaimo is receiving special treatment. I have contacted Mr. Shackley, C/EA Division, regarding such a cable.

2. [] Received a call from Mr. Elder, Review Staff, regarding the response that should be made to the Senate Select Committee and possibly to Senator George McGovern of information prepared by the DDO on a book which Senator McGovern was given by Fidel Castro in Cuba and which was passed by McGovern to the Senate Select Committee. I suggested that Elder talk personally with Bill Miller, of the Select Committee staff, suggesting that the non-operational aspects of the DDO report might be passed on to McGovern by the Select Committee.

3. [redacted] Spoke with Patsy Maguire, on the staff of Senator James L. Buckley (C., N.Y.), concerning a request for an Agency seal. I told her that I would look into this and if one became available I would see that Bill Schneider, the Senator's Administrative Assistant, received it.

4. [redacted] Spoke with Dan Poneman, on the staff of Senator John Glenn (D., Ohio), and provided him, in response to his request with unclassified information on the export of enriched uranium by France and the USSR. [redacted] Congressional Support Officer, OCI, provided the statistical data. [redacted] 25X1

Journal - Office of Legislative Counsel

CONFIDENTIAL

5. [] Talked with Clark McFadden, General Counsel, Senate Armed Services Committee, regarding the alert call I received from Richard Perle, on the staff of the Permanent Subcommittee on Investigations, Senate Government Operations Committee, informing us that Senator Henry Jackson (D., Wash.) would ask the Agency to sanitize the Director's testimony of 11 February 1975 before Jackson's Subcommittee of Senate Armed Services on the subject of SALT. McFadden indicated that Perle had requested and had obtained copies of this transcript (see Memo for Record).

McFadden said he and Ed Braswell, Chief Counsel of the Committee, would like to come out to Headquarters next week to see a film I had mentioned to him about one of Mr. Duckett's activities and also to get brought up to date on Soviet reconnaissance vessels. Further, McFadden is interested in being brought up to date on the status of our dealings with the Senate Select Committee and talking about future developments. I reminded McFadden that I would be out of the country for two weeks starting Monday, but [] would be glad to be in touch with him and arrange a suitable time for such a meeting.

[]

7. [] Delivered to Chuck Snodgrass, staff member, House Appropriations Committee, 200 sheets of blank paper with compartmented markings.

8. [] Received a call from George Gilbert, OMB, who approved our report on S. 244 subject to minor changes. These changes are satisfactory from the Agency's point of view.

9. [] Received several calls during the day from Hilda Schreiber, OMB, who raised a number of questions to the funding section in the Agency's proposed legislation to amend CIARDS. After a discussion with [] Comptroller, and Jim Oliver, OMB, I called Schreiber and she withdrew her objections. I confirmed with Schreiber the changes she had suggested to date which she had agreed to, this included the added sentence to the funding proposal requiring the submission of the report to the President and the Congress as to the funds expended.
